[G]Well the well went dry and the cow did too  
[D]Daddy didn't know what to do  
[G]The banker came by the house one day  
[A]Said he's gonna take the farm away

[G]Momma came up with a plan  
[D]Brother and me started up a band  
[G]Sister put a sign on the roof  
[A]And Daddy bought a case of ninety-proof

*Chorus*

*[G]Now we call it the [D]Cadillac ranch  
[A]they're parking cars in the [D]old feed patch  
There's a [G]bar in the barn and the [D]place stays [G]packed  
[N/C]Till the cows come home at Cadillac [D]ranch*

[G]Now the only thing that we raise is cane  
[D]You don't need the sun and rain  
[G]Just neon lights and some ice cold beer  
[A]Keeps everything real around here

[G]Momma takes the cash at the door  
[D]Brother and me keep 'em out on the floor  
[G]Sister sets them up at the bar  
[A]And Daddy kicks back with a big cigar

*(Chorus)*

[G]Well we gave all the cows away  
[D]Now the only horns around here today  
[G]Are the ones up on the grill  
[A]Of a genuine fifty-nine coupe de ville

*(Chorus) (X2)*
