

Kenny Rogers Face – Brent Burns/Bill Whyte

<http://www.kanikapila.us/lyrics.html>

[C]Whatever happened to polyester slacks?
Whatever happened to [G]those old eight tracks?
[C]Whatever happened to using good [F]taste?
And [C]what the heck happened to [G]Kenny Rogers [C]face?

[C]Whatever happened to those rabbit ears?
Harvey Wallbangers and [G]two percent beer?
[C]Whatever happened to a billion water [F]beds?
And [C]what the heck happened to [G]Barry Bonds' [C]head?

[G]Things that have been here, [C]things that are gone
Some [D7]things we don't miss since [G]we said so long.

[C]Explain to me what happened to measles and mumps
Mullets and bee hives and [G]two sugar lumps
[C]I don't miss those leisure suits and all those gold [F]chains
And [C]tell me again who abducted [G]Shirley McClain's [C]brain

[G]Things that have been here, [C]things that are gone
Some [D7]things we don't miss since [G]we said so long.

[C]Pet rocks and Pac Man, NiHi and Tab
Have the loony bins all closed now [G]that there's rehab?
[C]Where's Michael Jackson's nose and Ipana tooth[F]paste?
And [C]what the heck happened to [G]Kenny Rogers [C]face?

[G]Is that really The Gambler or a [C]droid in his place?
And [C]what the heck happened to [G]Kenny Rogers [C]face?
