[G] [D] 4X

Well [A]I come from a little bitty, [G]homegrown small town,
[C]Smoky Mountains, [D]nice place to hang around.
[A]Moonshine, [G]that's where they make it,
[D]Put it in a jug, makes you wanna get naked.
But [A]I jumped on a greyhound [G]bus one night
[C]And took it all the way to the [D]end of the line.
Stepped [A]out in the sun, when my [G]feet hit the sand
What [D]a long strange trip

(Chorus)

*I spent [A]my whole life [G]running [D]around
Still let the [A]wind kinda [G]blow me [D]around
Well I dropped a [G]note in a bottle
To a [D]long-legged model
And I [A]traded it in for a [G]whole 'nother world
A [D]pirate flag and an island girl*

[A] [G] [D] 2x

Well [A]my friends back home think I've [G]gone and lost my mind
Take [C]a sip of rum and you [D]really would know why
[A]Jolly Roger flying on the [G]picnic table
[D]Blender in the kitchen, willin' and able
Don't [A]know what makes you say [G]"What the hell"
But when [C]the salt air catches a [D]hold of that sail
[A]Something 'bout it makes her [G]just wanna dance
And [D]she loves to dance

(Chorus)

[A] (pirate flag and an island girl, island girl)
Well [C]I remember back home 'neath the big ol' moon
[D]Tucked back in the woods, yea life was good
But [C]here we are in a local bar [D]and drinkin' shooting stars

(Chorus)

A [D]pirate flag and an [A]island [G]girl 4X (Fade)
