[C]Makes good fish bait, [G]tastes good on [C]toast
It's a belly filler, if you're poor [G]folk
Find it on a [C]shelf, in a Hormel [F]can
A gelatinous [C]gem, [G]and they call it [C]Spam

[C]A little mix of ham, [G]and I think pork [C]parts
Sodium nitrate and potato [G]starch
Sugar and [C]salt and what the heck's that [F]jam
A little block of [C]pink [G]and they call it [C]Spam

[C]Feeds a family of four, [G]three meals a [C]day
For four million years so far [G]today
Take the little [C]key, twist it hard as you [F]can
Then hold her upside [C]down [G]and slap out that [C]Spam

[C]A little mix of ham, [G]and I think pork [C]parts
Sodium nitrate and potato [G]starch
Sugar and [C]salt and what the heck's that [F]jam
A little heavenly [C]pink [G]and they call it [C]Spam

[C]Well I like it mild, [G]or hickory [C]smoked
Put it in a salad or in a sushi [G]roll
It's been in some [C]wars with Uncle [F]Sam
I've even caulked my[C]tile [G]with a little bit of [C]Spam

[C]A little mix of ham, [G]and I think pork [C]parts
Sodium nitrate and potato [G]starch
Sugar and [C]salt and what the heck's that [F]jam
A little block of [C]pink [G]and they call it [C]Spam

[C]A little mix of ham, [G]and I think pork [C]parts
Sodium nitrate and potato [G]starch
Sugar and [C]salt and what the heck's that [F]jam
It's a mystery [C]meat [G]and they call it [C]Spam
