<http://www.kanikapila.us/lyrics.html>

[A][G][D][A] 4x

[A]They get up every morning from the **[G]**alarm clock's warning,
take the **[D]**8:15 into the **[A]**city

There's a **[A]**whistle up above and people **[G]**push and people shove and the
[D]girls, who are tryin' to look **[A]**pretty.

And if your **[A]**train's on time you can **[G]**get to work by nine and
[D]start your slavin' job and get your **[A]**pay.

If you ever get **[A]**annoyed, look at **[G]**me, I'm self-employed,
I **[D]**love to work at nothing all **[A]**day.

And I'll be **[A]**takin' care of business, **[G]**every day

[D]taking care of business, **[A]**every way

I've been **[A]**takin' care of business, **[G]**it's all mine

[D]takin' care of business, **[A]**and workin' overtime, workout

[A][G][D][A] 2x

It's as **[A]**easy as fishin', you can **[G]**be a musician

if **[D]**you can make sounds loud and **[A]**mellow

Get a **[A]**second hand guitar and chances **[G]**are you can go far,

if you **[D]**get in with the right bunch of **[A]**fellows

People **[A]**see you having fun just a **[G]**lyin' in the sun,

[D]tell them that you like it this **[A]**way.

It's the **[A]**work that we avoid and we're **[G]**all self-employed

We **[D]**love to work at nothin' all **[A]**day.

And we've been **[A]**takin' care of business, **[G]**every day

[D]taking care of business, **[A]**every way

I've been **[A]**takin' care of business, **[G]**it's all mine

[D]takin' care of business, **[A]**and workin' overtime,

[A][G][D][A] 2x

(Repeat first verse)

[A]takin' care of business, **[G]** takin' care of business

[D]takin' care of business, **[A]** takin' care of business
