[G]Sun tanned toes [C]ticklin' the [D]sand  
[G]Cold drink chillin' [C]in my right [D]hand  
[G]Watchin' you sleep in the [C]evenin [D]light  
[G]Restin' up for a [D]long long [G]night

*Cause when the [G]sun goes down [C]we'll be [D]groovin'  
When the [G]sun goes down, you're [C]feelin' [D]alright  
When the [G]sun sinks down, [C]over the [D]water  
[G]Everything gets hotter when the [D]sun goes [G]down*

[G]All day long just [C]takin' it [D]easy  
[G]Layin' in the hammock where it's [C]nice and [D]breezy  
[G]Sleepin' off the [C]night [D]before  
Cause when the [G]sun goes down we'll be [D]back for [G]more

*Cause when the [G]sun goes down [C]we'll be [D]groovin'  
When the [G]sun goes down, you're [C]feelin' [D]alright  
When the [G]sun sinks down, [C]over the [D]water  
[G]Everything gets hotter when the [D]sun goes [G]down*

[G]This ol guitar and my [C]dark [D]sunglasses  
[G]This sweet concoction is [C]smooth as [D]molasses  
[G]Nothin' to do but [C]breath all [D]day  
Till the [G]big moon rises and it's [D]time to [G]play

*Cause when the [G]sun goes down [C]we'll be [D]groovin'  
When the [G]sun goes down, you're [C]feelin' [D]alright  
When the [G]sun sinks down, [C]over the [D]water  
[G]Everything gets hotter when the [D]sun goes [G]down*

*Cause when the [G]sun goes down [C]we'll be [D]groovin'  
When the [G]sun goes down, you're [C]feelin' [D]alright  
When the [G]sun sinks down, [C]over the [D]water  
[G]Everything gets hotter when the [D]sun goes [G]down*
