[G]I woke up this morning, my head felt [C]dense
I [G]splashed it with water trying to [D]make it make sense
I [G]stumbled to the kitchen, she was standing at the [C]sink
[G]All she had to do was just [D]give me that [G]wink

*[G]And slam bam I'm [C]feelin' alright
[G]Trouble takes a hike in the [D]blink of an eye
Don't [G]need to psychoanalyze or [C]have a stiff drink
[G]All she's gotta do is just [D]give me that [G]wink. [C] [G] [D]*

Well it's [G]her way of saying, she's on my [C]side
An [G]unspoken message that [D]works every time
When my [G]brain starts smokin' and I can't even [C]think
[G]All she's gotta do is just [D]give me that [G]wink.

*[G]And slam bam I'm [C]feelin' alright
[G]Trouble takes a hike in the [D]blink of an eye
Don't [G]need to psychoanalyze or [C]have a stiff drink
[G]All she's gotta do is just [D]give me that [G]wink. [C] [G] [D]*

In this [G]complicated world, it may sound [C]absurd
But [G]simple little things are the [D]miracle cures
[G]Pushed to the limit or standing at the [C]brink,
[G]All she's gotta do is just [D]give me that [G]wink.

*[G]And slam bam I'm [C]feelin' alright
[G]Trouble takes a hike in the [D]blink of an eye
Don't [G]need to psychoanalyze or [C]have a stiff drink
[G]All she's gotta do is just [D]give me that [G]wink.*

*[G]And slam bam I'm [C]feelin' alright
[G]Trouble takes a hike in the [D]blink of an eye
Don't [G]need to psychoanalyze or [C]have a stiff drink
[G]All she's gotta do is just [D]give me that [G]wink.*

[G]All she's gotta do is just [D]give me that [G]wink.
